Benefits of a Church Web Site

- The Internet is growing tremendously everyday. Just a few years ago, it was somewhat of a novelty. But today, it has become so prevalent that people not only want you to have a website, they expect you to have a website.
 - People of all ages have begun to use the Internet for everything from looking up a phone number, researching the best camera to buy, buying books, to finding a church, doing Bible study, listening to the “radio” and participating in support groups.
 - If you don't have a website today, **you are missing out on many of the very people you are trying to reach.**
-

Founder's Day

It is truly an honor to take some time to celebrate the proud heritage we all share, the heritage of the Women's Missionary Council of the Christian Methodist Episcopal Church. The Council was founded in Nashville, Tennessee, in September, 1918. Its original title was the Women's Consecrated Council of the Christian Methodist Episcopal Church.

It was through the mission program that women gained an official role in the structure of the C.M.E. Church. The 1886 General Conference authorized the organization of "A General Woman's Missionary Society" throughout the denomination, with each annual

conference empowered to organize a Woman's Missionary Society. C.M.E. women responded enthusiastically to the Society at every level.

In the 1910 Episcopal Address, the bishops were highly commendatory of the Society saying, "Our noble and consecrated women have espoused the cause of Home Missionary Work with wisdom, force, thought, and zeal, and have given our Church life a new phase of activity that has hitherto been unknown to us."

We will observe our Founder's Program on Saturday, September 19, 2009 at 10:00 at Ebenezer Temple CME Church in Tifton, Georgia. Please remember to wear white.
